Dear Mr. Stein

Thank you for your outstanding support to the men and women of Travis Air Force Base, through the 2005 Toys for Troops Program. CRVA Charities did a great job of organizing, collecting, and delivering toys to Travis AFB. Your time, effort, and talent resulted in the delivery of over 2,500 toys to Travis that were distributed to military families on 22 Dec 05.

The Toys for Troops program was a huge success. It benefited over 500 military families at Travis AFB. The Family Support Center distributed over 7,800 toys and stocking stuffers to more than 1120 happy children of military personnel. Your support made the holidays much brighter for many Travis kids.

We truly appreciate the community support we receive from outstanding organizations like CVRA Charities. Our military personnel, along with their family members, sacrifice so much in order to protect our country and our freedoms. By providing programs like Toys for Troops we hope to express our gratitude in everything they do. It takes a great deal of time, effort, and coordination to pull off an event like Toys for Troops and you unselfishly took the lead and made the holidays truly joyful for our military families.

Please accept my gratitude for supporting our troops and their family members. Your efforts are truly remarkable and will always be remembered.

Sincerely
